

MARINA
GOSTRAYA

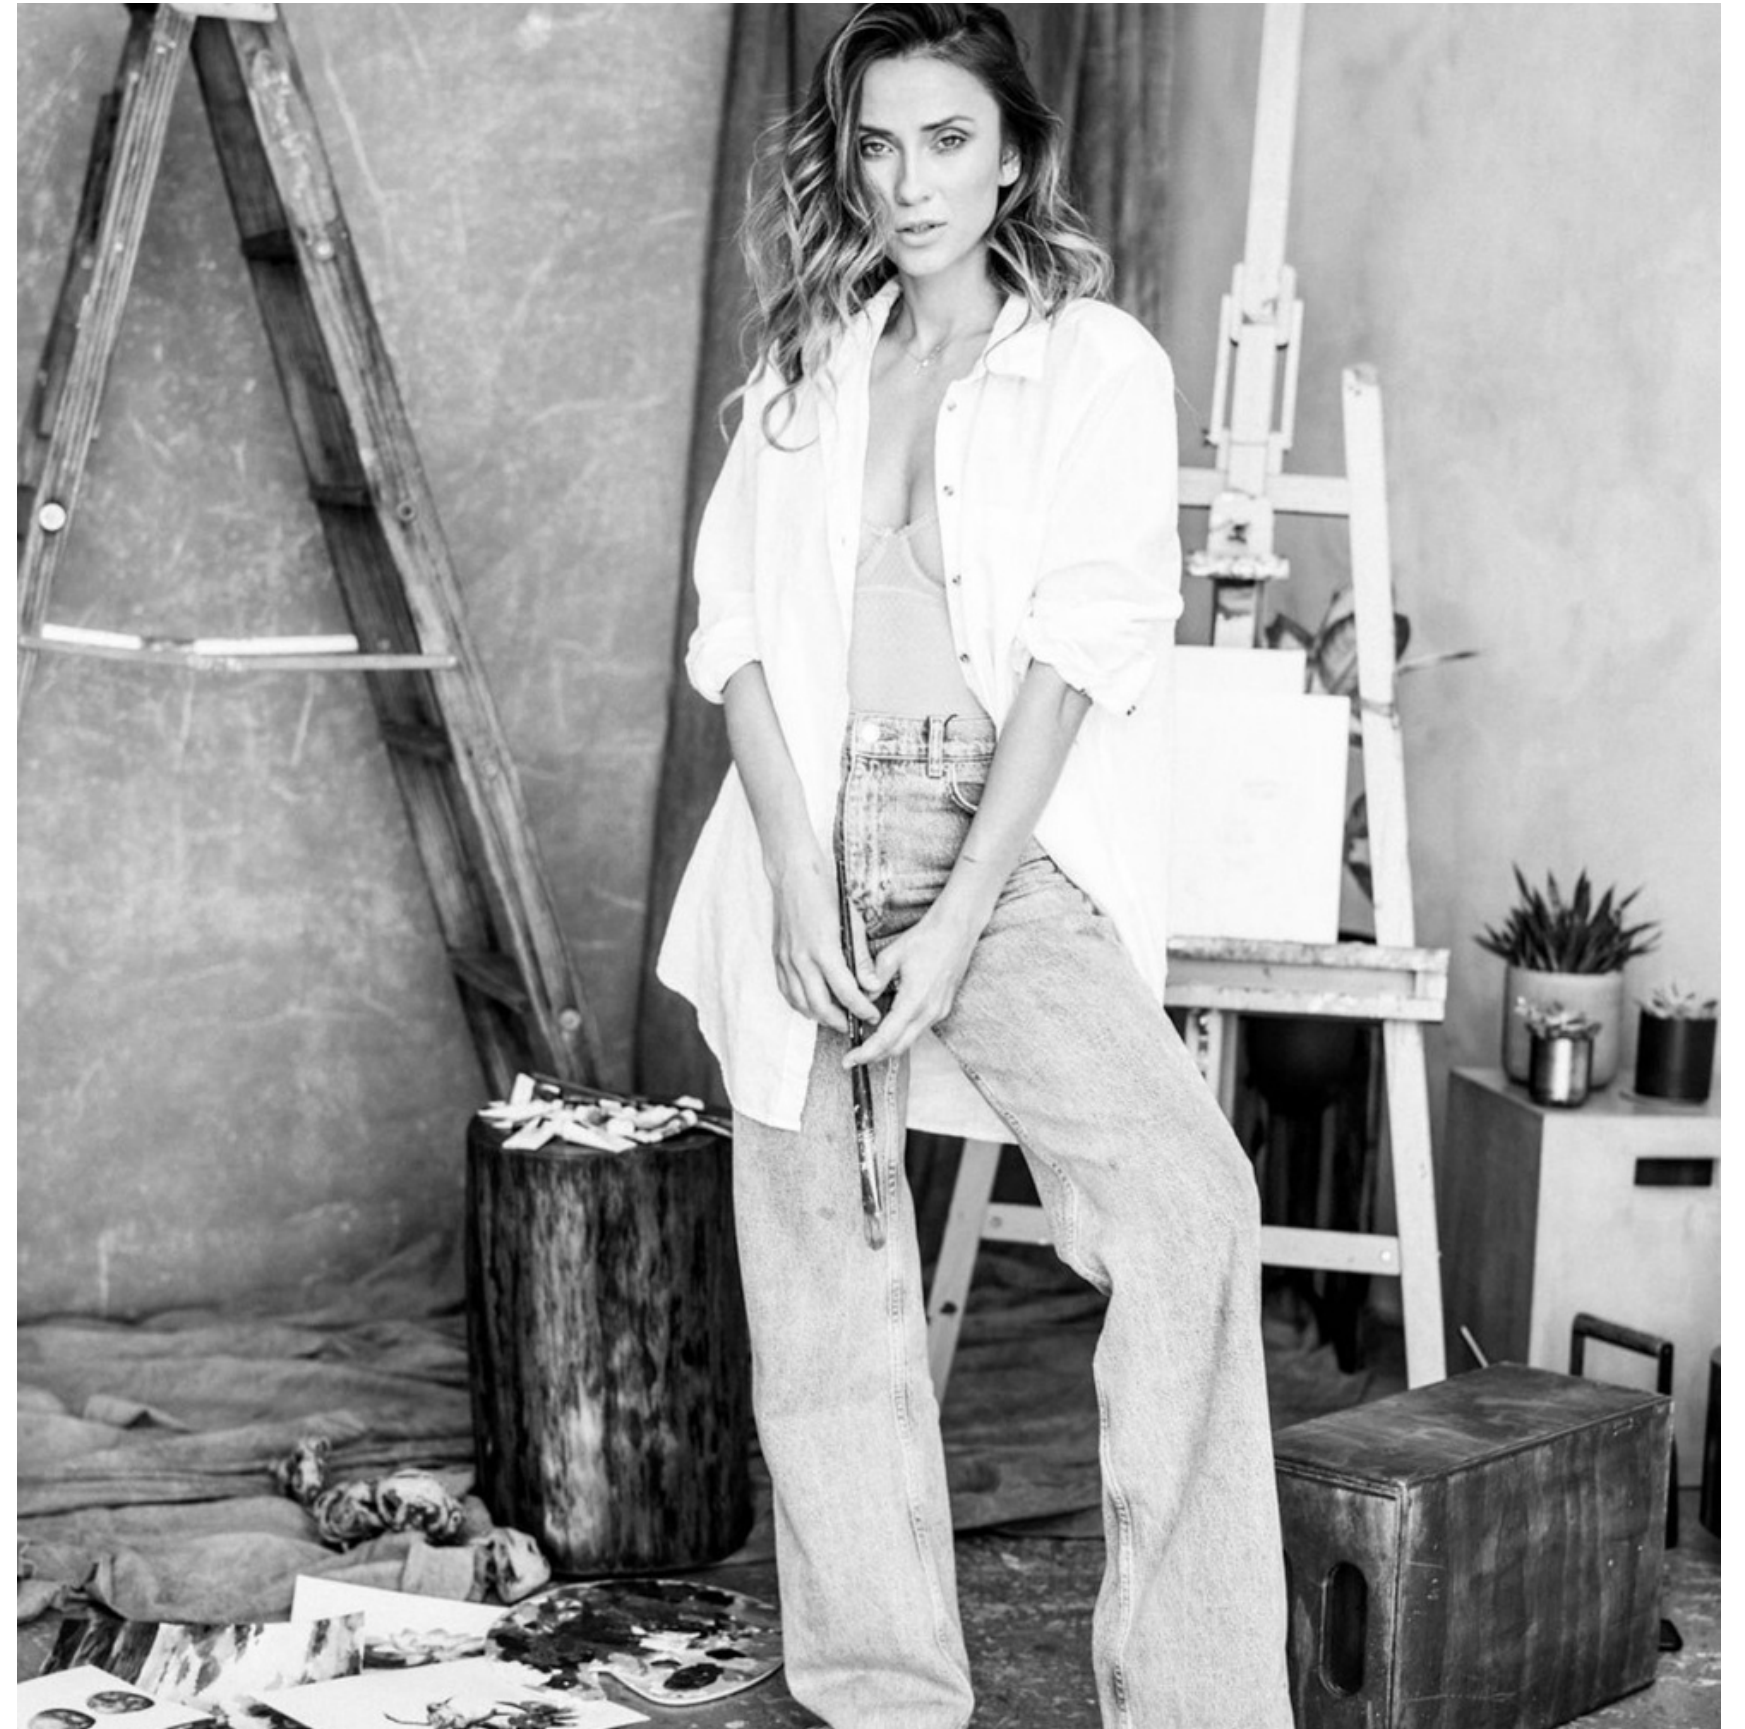

ABOUT

Marina Gostraya is a Russian-born abstract artist whose work explores the unseen worlds of consciousness, femininity, and spirit through color, form, and intuitive expression. Drawing inspiration from mysticism, nature, and sacred geometry, Marina's paintings evoke portals into inner realms—where light meets shadow, and the soul begins to bloom.

Her pieces often speak in the language of energy—fluid yet deliberate, soft yet powerful—inviting the viewer into a space of stillness, transformation, and remembrance. Each canvas is a meditation, a prayer, a reflection of the divine feminine, unfolding like petals of the mind.

Marina completed four years of fine art school in Russia and holds a Certificate of Fine Arts from OTIS College of Art and Design in Los Angeles.

Now based in Los Angeles, Marina's art is an ongoing dialogue between intuition and technique, beauty and symbolism, healing and creation. Her works have become visual sanctuaries for those drawn to the intersection of art, spirit, and sacred story.

SEED OF LIFE

48X48 | ACRYLIC ON CANVAS | 2024 | \$11,000

A luminous meditation on creation and potential, Seed of Life embodies the sacred beginnings of all things. Inspired by ancient geometry and the divine feminine, the painting radiates with soft energy, symbolizing the moment before birth—when intention becomes form.

The circular forms echo cycles of time, womb-like containment, and infinite becoming. Through layers of light and movement, this piece invites the viewer to return to the source, the seed within, where wholeness and transformation coexist.

ASCENDED

36X48 | ACRYLIC ON CANVAS | 2024 | \$9,000

Ascend into new possibilities - a statement to the ever changing flow of birth and renewal. Embodying soft spheres that bring together the movement of seasons and upward growth - with each chapter a new one begins.

The earthy hues and strokes open the pathway of seeded dreams, moving upwards to a place of inner knowing, remembrance and ascendance.

INNER SANCTUARY

48X48 | ACRYLIC ON CANVAS | 2024 | \$9,500

Inner Sanctuary is a reflection on the sacred intimacy of self—an invitation to return to the quiet center within, where the soul rests unguarded and whole. Through flowing, organic forms and soft, radiant hues, the piece dissolves boundaries between the physical and spiritual, celebrating the body not as something to conceal, but as a living temple of presence and truth.

It speaks to the courage it takes to be seen, to shed external layers, and to inhabit one's inner world with reverence. In this sanctuary, vulnerability becomes strength, and stillness becomes sacred. The viewer is gently reminded that the most profound wisdom often lives in the spaces we keep tender and hidden — in the sanctuary we call home within.

SOUL GEOMETRY

48X48 | ACRYLIC ON CANVAS | 2024 | \$9,500

This painting embodies the sacred geometry of the mandala, symbolizing the interconnectedness of the self and the cosmos. Each color represents different energy centres, reflecting a harmonious balance between dualities and the soft journey toward spiritual integration.

SEASHELL PORTAL

24X24 IN | ACRYLIC ON CANVAS | 2024 | \$3,000

Seashell Portal invites the viewer into a soft, spiraling dimension—a sacred threshold between the earthly and the ethereal. Inspired by the natural geometry of a seashell, this piece symbolizes the quiet wisdom of the ocean and the cyclical unfolding of the soul.

The layered curves and gentle hues echo the shape of inner listening, like placing your ear to the sea and hearing the pulse of the universe. It is a portal inward — into memory, intuition, and timeless feminine knowing.

REBIRTH

48X48 | ACRYLIC ON CANVAS | 2024 | \$9,500

Rebirth is an inner renewal — a soft blooming after the long winter within. Gentle strokes and awakening hues mirror the quiet return of life, not just in nature, but in the spirit.

It is the moment the soul exhales, releasing what was buried beneath frostbitten silence. Each layer of color whispers of resilience, of transformation not born in force, but in surrender. The composition unfolds like a breath—tender, luminous, and inevitable—celebrating the sacred rhythm of becoming new again.

PETALS OF THE MIND

24X24 | ACRYLIC ON CANVAS | 2024 | \$3,000

Petals of the Mind explores the blooming nature of thought and consciousness. Like unfolding petals, each shape reveals a new layer of perception, symbolizing the fluid journey inward.

The vibrant yet gentle forms suggest moments of clarity, emotional depth, and the quiet unfolding of the inner world. It is a meditation on self-awareness — a glimpse into the beauty of the thinking, feeling, dreaming mind.

IN BLOOM

48X48 | ACRYLIC ON CANVAS | 2024 | \$8,500

This piece captures that sacred in-between moment when grief turns to grace, and stillness gives way to movement. Like petals unfolding to light they've never seen, the soul begins again — tender, luminous, and brave.

*It's a prayer of becoming.
A remembering of softness as strength.
A celebration of the feminine power,
to heal, hold, and rise in grace.*

WHISPERS OF THE DESERT

48X48 | ACRYLIC ON CANVAS | 2024 | \$8,500

This piece invites the viewer to listen — not with ears, but with presence. It speaks in the silent language of root and stone, of wind-carved canyons and ancient soil. Each layered brushstroke echoes the quiet strength of the Earth — soft, enduring, and ever-transforming. It is a visual meditation on grounding, resilience, and the subtle magic that lies beneath the surface of all things.

OCEANIC ISLES

48X48 | ACRYLIC ON CANVAS | 2024 | \$8,500

A meditation in motion — this piece channels the quiet strength and fluid grace of water as a vessel of memory, emotion, and renewal. The deep indigos and soft, flowing forms evoke the movement of inner tides — those subtle, unseen currents that shape our thoughts, feelings, and spiritual evolution. Water, like the soul, holds what cannot be spoken. It cleanses, carries, and connects. In this sacred stillness, where spirit meets nature, healing begins.
